RE: TECQ Docket No. 2006-1572-MWD; In re: Application by Marlin Atlantis White,  
Ltd.  
For Permit No. WQ0014570001

Dear Ms. Castanuela:

In regard to the above, my husband and I are affected persons based on the Executive Director's published one mile radius map. Our property is waterfront and during high water events both Gum Bayou and Dickinson Bayou converge on this area and are tidally influenced and do at times over flow their banks. Upsets to the proposed plant would bring waste water within range of our property because of tidal influence.

As affected persons we respectfully request that the Residents Request for reconsideration by the Executive Director be granted. All the residents requesting reconsideration live no more than approximately 3000 feet from the proposed plant.

If granted, could the State Office of Administrative Hearing (SOAH) hold the contested case hearing in Galveston County? This would allow more concerned citizens to attend the court hearing.

As previously stated, Peggy Wright is representing the affected persons in Tropical Gardens.

Respectfully,

Ray & Sherry Jones
